

Images and Reports for studies performed at Shepparton Nuclear Medicine are available online via the **Intelconnect App**. The App can be accessed by any Apple **Ipad** Tablet or **Iphone** Smartphone.

In order to use the **IntelConnect App** you will need a User Name and Password, these can be requested by emailing info@sheppnm.com.au

If you require urgent access please call our clinic and we will happily provide these to you over the phone.

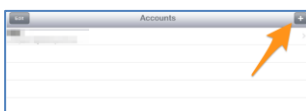

1) Download the **IntelConnect App** from the iTunes App store:

2) Launch the **App**:

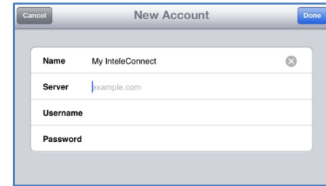

3) When you launch the App you need to enter the Server details. From the main screen select the **+ Button**.

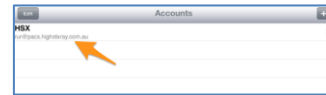

4) Enter the **Server** details:

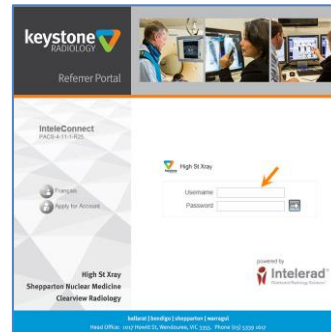

Name: **Keystone Radiology**
Server: <https://pacs.keystoneradiology.com.au>
Username: Your existing User Name
Password: Your existing Password

5) Click **Done**, then Select your **Account**

6) And then **Login**

Note: that the default timeout is 15 minutes, you can increase this by setting a custom timeout under the profile icon.
