

Images and Reports for studies performed at **Shepparton Nuclear Medicine** are available online via the **IntelConnect** Portal. The Portal can be accessed by any modern web browser on a PC, Mac, Tablet or Smartphone.

In order to use the **IntelConnect** Portal you will need a User Name and Password, these can be requested by emailing info@sheppnm.com.au. If you require urgent access to Intelviewer, please call our clinic and we will happily provide these to you over the phone.

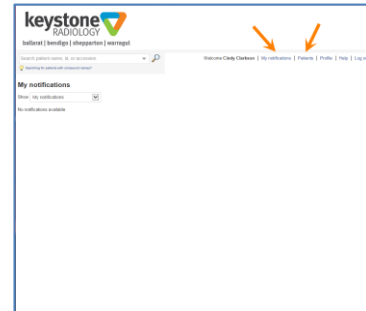

1) Simply browse to:

<https://pacs.keystoneradiology.com.au/Portal>

2) Enter your user name and password:

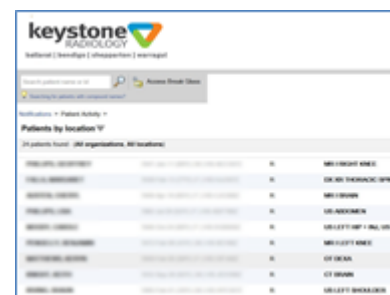

3) You will see the main window, here you can either search for your patient, or select Notifications for recent reports or Patients for recent patients.

4) Selecting **Notifications** will display the most recent reports and images available.

5) Selecting **Patients** will display the most recent Patients who have had imaging.

The Break Glass feature allows the treating doctor to review patient studies, even if they are not the patients referring physician as long as they know the patients **Date of Birth**.

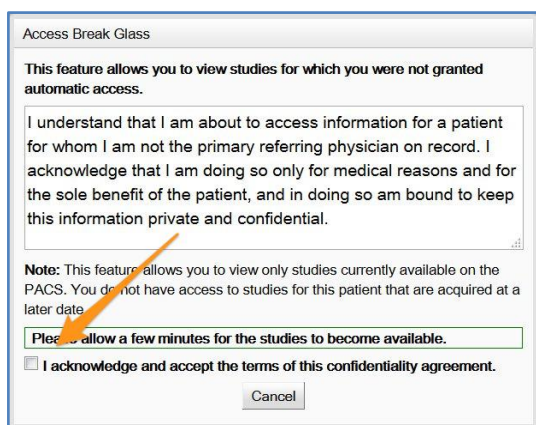

- 1) Open Shepparton Nuclear Medicine Intelconnect.

<https://pacs.keystoneradiology.com.au/Portal>

- 2) Click Access Break Glass.

- 3) Tick the box to acknowledge and accept the terms of the confidentiality agreement.

- 4) Enter the Patients name and Date of Birth (take care to note the date format in *italics* - YYYYMMDD)

The screenshot shows the 'Access Break Glass' dialog box with the confidentiality agreement checked. It has two input fields: 'Provide the full patient ID' and 'Provide the full patient name and the date of birth'. The second field is split into 'Last name, first name' and 'YYYYMMDD'. An orange arrow points to the 'and' in the second field label. There are 'Check Patient' and 'Cancel' buttons.

- 5) All studies available for the patient will be listed

The screenshot shows the search results page for a patient. It displays a table of orders with columns for Accession Number, Exam Description, Exam Date, and Radiologist. An orange arrow points to the search bar at the top.

Accession Number	Exam Description	Exam Date	Radiologist
